MARRIAGES IN SAVOY, MASSACHUSETTS

Copied and arranged by
Elmer I. Shepard
Williamstown, Mass.
1951

Among the Savoy marriages, comparatively few persons are recorded as coming from other towns. All marriages have been put in one alphabetic list, and a separate list of names only, arranged by Towns, is given of those having residence other than Savoy. Dates of intention are given where record of the marriage is lacking or has been found in records of some other town. The list covers the Savoy records thru 1865, but a few later marriages which have come to my attention have not been excluded.

Abbreviations are used for some of the most frequently mentioned Towns:
